CAMBODIA Community Service 2018/2019 - Register your schools' interest

An empowering tour for your students!

From rice planting (seasonal) to harvesting or transplanting, to weaving thatch for roof repairs, wall panels, planting vegetable crops, tree planting plus more. Every tour can be different depending on the season. With added **community service** including spending time at a school for disadvantaged children. Students will learn how to make their own handicraft that are sold to **assist children in need**. The Sunrise Children's Villages care for disadvantaged, trafficked, disabled and orphaned children. This will provide an insight to your students in a positive way that will stay with them for years to come. Added to all this, students will visit Tuol Sleng Genocide Museum, Choeung Ek Killing Fields, the Royal Palace, the National Museum and the spectacular World Heritage temple complex of Angkor Wat.

Another lasting experience for your students!

VIETNAM Community Service 2018/2019 - Register your schools' interest

Would you like to influence your students about the importance of community service worldwide?

This service, cultural and history tour of the South of Vietnam is designed to provide a variety of experiences. Students will be introduced to a local village and life in Da Nang. Assist with light manual labour on a building project, visit the Cu Chi tunnels, Long Tan and Vung Tau, Mekong Delta, Mekong River and Saigon. With another community building project in Co Tu, students will see the impoverished villages and how they survive. They'll be housed in pristine but basic homes whilst assisting with light labour on repairing the school and participate building new homes.

A powerful experience for your students!
